

Couplete question cards

48 cards for couples, from the Couplete app

1. Print single-sided at 100% scale. Thicker paper feels more like a real deck.
2. Cut along the dashed lines. Each sheet gives 8 cards.
3. Shuffle and put the cards face down. Take turns drawing one and reading it aloud; you both answer.
4. The peach cards are action cards: do what they say instead of answering. Skip any card you would rather not do.

The app has **670 cards in 12 decks**, free on iPhone and Android.
